**Guy**, in the evening meeting of Nov 13, focus will be membership. Interested future members will be in attendance. Hazel, and other Club members, will present what being a Rotarian means to them.

**Neona**, in the past our Club has supported Youth Exchange. There is a student coming from Brazil in January '18 that needs a homestay placement. The European students will begin to arrive in July '18. Is this something we would be interested in participating in again? Perhaps 4 members could offer a homestay for each quarter. My family and I would be happy to participate in this.

**Kathy**, The 68th AGM for Williamstown Rotary Club will be held on Monday, 27th November, 7 pm at Pelicans Landing. We will also be accepting the updated By Laws and Regulations for the club.

## LIFT THE LID *on mental illness*

Lift the Lid on Mental Illness is Australian Rotary Health's National annual fundraising day for mental health research. The campaign, founded by ARH Vice Chairman Greg Ross, started in 2016 in partnership with Rotary Clubs of Victoria. The event was such a success that it has now been extended to all Rotary Clubs across Australia.

Each year approximately 1-in-5 Australians will experience a mental illness and in order to help future generations of young Australians, we need to look ahead through research and find out how we can prevent this type of illness occurring.

You can support this wonderful initiative by making a donation on World Mental Health Day, Tuesday October 10 to your local Rotary Club or to Australian Rotary Health. As we are also celebrating Hat Day, you are invited to hold an event and wear your most eye-catching hat. For further information, please contact the Australian Rotary Health office on: (02) 8837 1900 or [admin@arh.org.au](mailto:admin@arh.org.au)

- The Altona Rotary Club will have a table with information at Bunnings Altona, along with shaker tins for donations. Our Club's commitment will be similar with shaker tins at our

October BBQ.

## October is Vocational Service Month

Rotary Friends and Friends of Rotary

*"The only unique feature of Rotary is vocational service; everything else that we do is repeated by some other organization. If we have a special message or mission in the world that is unique to ourselves, it lies only in the realm of vocational service."* - **T.A. Warren, Past RI President 1945-46**

Traditionally, Rotarians set aside October as the month to showcase our second avenue of service, *Vocational Service*. It is possibly the least understood of our five avenues of service and for this reason it is often overlooked as an area of activity within our clubs. In reality, vocational service is an avenue through which we serve so often that we don't always recognize it as service.

We assume that Paul Harris and his friends created Rotary to promote the noble ideas of humanitarian service, goodwill and world understanding. In the early days of Rotary this was not the case. These worthy pursuits came later. Rotary was started for business and professional purposes.

At the start of the twentieth century, business was aggressively competitive. Professional standards, customer service and business ethics were seldom topics of real concern. Simply making money was the goal. Paul Harris began to wonder if one person from each business and profession could meet as friends perhaps rivalries could be broken down and they could even help each other to achieve business success. Thus, the idea of a club combining friendship and business developed.

Over the decades the value of Vocational Service has evolved greatly. We now *"recognize all useful occupations as worthy of respect"* and we can use our *"work as an opportunity to serve society"*. Every occupation serves a need. Whether we are serving customers, teaching students or treating patients, whether we're involved in commerce, research, the media, or any one of countless other fields – we are contributing to our communities and our society. As Rotarians, we should take pride in doing our work with competence and integrity.

Vocational Service also encourages us *"to hold high ethical standards in our business affairs and our professional practices"*. During the early meetings of Rotary, the members frequently discussed techniques to improve their business practices. They gave one another wise and friendly counsel on misleading advertising, shoddy products, poor customer relations and so on. Members and their friends soon began to feel that when you did business with a Rotarian, you were always going to be treated properly, that their word could be counted upon, and that there was an ethical element in all transactions. The word "Rotarian" became a mark of distinction in the business world and remains so today.

The simple philosophy of the 4-Way Test was created by Rotarian Herbert Taylor in 1934, when he was called upon to take charge of a company facing imminent bankruptcy. He turned the company around by creating the test as a measure of the company's fairness,

honesty and integrity in all its business transactions. In 1943, the Rotary Board of Directors adopted the “Four Way Test” of the things we think, say and do: *Is it the Truth? Is it Fair to All Concerned? Will it build Goodwill and Better Friendships? Will it be Beneficial to All Concerned?* The 4-Way Test is a simple and practical guide for all human relationships and has become firmly imbedded in Rotary’s Avenue of Vocational Service. It has been displayed in clubs, schools, workplaces and public buildings all over the world.

Rotary’s high ethical standards are also demonstrated in *The Rotary Code of Conduct*, formerly known as *The Declaration of Rotarians in Business and Professions*. This code defines a set of values that are appropriate for the personal conduct of Rotarians in business, as professionals, as community leaders and in retirement. This code is sadly not as well-known as it used to be but it can be found on page 4 of the 2014-2015 District 9800 Directory. It deserves to be read, discussed and debated during Vocational Service month.

Vocational Service now encompasses a wide variety of Rotary activities. Club members can use their vocational skills working on service projects, providing career guidance for young people, doing mock job interviews, mentoring students, creating vocational award programs and participating in vocational fellowship groups.

Since 1965, one of Rotary’s most popular and rewarding programs - combining vocational service and international understanding- has been The Group Study Exchange (GSE) program. It enables young business and professional men and women to observe and learn how their vocation is practised in another country. Next March, District 9800 will send a GSE team to District 6840 in Louisiana and Mississippi. A team from District 6840 has already been selected and includes a lawyer, a meteorologist, a career guidance officer, an office manager and a media executive. Our team will be chosen next month.

More recently the Rotary Foundation has funded Vocational Training Teams (VTT) which consist of groups of professionals traveling abroad to either learn about their profession or teach local professionals about a particular field.

Vocational Service is basic to our organisation. When we join Rotary, our Rotary dinner badge notes our “classification.” Rotary’s classification principal assures that each club has among its members a cross section of a community’s business and professional population. Each member brings unique skills, knowledge and abilities to their club and its projects. What do you know about the vocations of all of your club members?

Let’s celebrate Vocational Service Month by promoting the ethical basis of Rotary and by gaining a better understanding of the diverse vocational talents of our fellow members. We may find untapped talents to enhance our club and our community.

## OUR VISIT TO THE WILLIAMSTOWN POLICE STATION

In Monday's meeting of October 23 we visited the Williamstown Police Station.

Our host, Russell King, gave us an informative brief of the role of the Police in our community in current times.

We toured the Station viewing the watch house, holding cells, and were privy to the heavy vests worn by each police officer and the essentials they carry within it. We were also fortunate to view the space where the Water Police operate from, and learnt much of their hi-tech tracking screens and rescue systems.

Over lunch we heard from a young man Julian, 26 years of age, who happened to be fresh out of the Academy and on duty for his first day at the Williamstown Police Station. Julian told us that the 3 months he spent in the Academy were like completing an intense University Degree on fast forward.

The Cadet's train and study each day in blocks of 1 hour periods. There are 7 periods a day with subjects ranging from law through to the physical. This also involves many outfit changes fitting for the subject. The process to enter the police force is lengthy. Following the initial application form, there are up to 5 hours of exams, an online interview, physical & psychological testing and then a panel interview. People attracted to a career in the police force vary from school leavers, ex-military & ex-school teachers and people looking for a career change. 10 percent of those who apply get through, resulting in a good standard of individual representing us in the community. Julian is looking for a rewarding career and one in which he feels he can make a difference.

Taman Lambra spoke to us of Operation Red, comprising of 10 units working to bring down gangs and make our streets in the West safer. In 2016 Taman was based at another station where there were 58 apex gang member names known to police. Since the commencement of Operation Red 40 of these individuals have been arrested and seen at Court. The Police make regular house calls to the homes of these offenders who are remanded, and if they breach the conditions of their remand in anyway, they are remanded once again. The success of this operation has been great and Russell King, for the most part, advises that if we lock our doors at night, leave nothing attractive visible in our cars and not walk in undesirable areas at 3am we are essentially safe in our homes, and beds at night.

An impressive and reassuring brief and tour, of the Williamstown Police Station, was had. Our local Police are there to support and protect us, and they encourage us to work with them in making our community a safe and desirable place to be.

Neona Stiles

**Yvonne & Neona**, guest spoke at the Rotary Club of Werribee and Wyndham College afternoon tea, on Sunday October 22. Yvonne detailed the facts of ovarian cancer, and the logistics behind the Wellness Centre. Neona spoke of her experience with ovarian cancer and how a wellness centre would have been of great comfort to her at the time. Yvonne wishes to thank all those who brought the afternoon tea together and their generous donation of funds to Rocan. In attendance at the afternoon tea were Kathy Roberts, Yvonne's daughter Leanne and granddaughter Millie, Hazel Ackland and Ann Bury.

Yvonne, and those who brought the afternoon tea together – all the food was prepared and served by the students, and the students also provided entertaining musical performances.

# ROCAN GOLF DAY – Wed Oct 25

**Yvonne**, briefing the Golfers of our proposed Cancer Wellness Centre, here in our West; and thanking Tony Boyd for his tremendous effort in bringing the Rocan Golf day together.

Ride for a Cure bus, looking good!

Thanks to John Barry, Fred & all the team of BBQ chefs!

the Stiles family golfers, from the left David, nephew Jesse, brother Steven & nephew Steven junior!

**Neona**, David & I took a Sunday drive up to Malmsbury yesterday, Oct 29, to collect our RYPEN Camp candidate Mulan Diao. Mulan is a student at Williamstown High School and a piano student mine for several years now. The camp went for 2 nights over the weekend. There were 30 students from all over District 9800. The camp promotes impressive facilities and the students all appeared to have had a wonderful time. Action photos of the students will come available from RYPEN organizer Grant, in the next couple of weeks, and then I will be happy to give a presentation of what they engaged in.

The students were in groups of approximately 8 to 10, each team had a couple of mentors. District Governor, Peter Frueh, presented the students with their certificate of completion. Mulan was in the blue team and is in the bottom row, 2<sup>nd</sup> from the left.

## Opportunity for Club to run an RDU Supplies booth at District Conference

An opportunity exists for a Club to nominate to run an RDU supplies booth at the District Conference in Warrnambool for which they will receive 10 per cent commission on the sales.

RDU send a variety of stock including clothing in a variety of sizes. Customers can also place an order and pay for this at the booth. The order will then be sent out from the RDU office and the club will still receive commission for the sale.

RDU ask the club to pay for the postage to send back any unsold goods and to send them the receipt and bank account details and this is reimbursed to them straight away. This way the club is not out of pocket at all.

Once all stock and money is received back in the RDU office and checked off, the commission is deposited into the club's nominated account.

The commission will of course depend on the sales; RDU Supplies advises it can be between \$110 to \$330 or more depending on the number of attendees at the conference.

If you are interested in taking up this opportunity please email Marjorie - [marbern@bigpond.net.au](mailto:marbern@bigpond.net.au)

In nine short years, Thankyou has directly impacted the lives of 755,538 people in 20 countries, including Australia.

Daniel is also the author of best-selling book Chapter One, a story that generated \$1.4 million in sales in its first month using an unorthodox 'pay-what-you-want' model.
