

No. 52

Rotary Year 2017/2018

Date Nov 13

“NOVEMBER IS ROTARY FOUNDATION MONTH”

Apologies: Neona,

ANNOUNCEMENTS

Eddie: The 2017-2018 directories have been printed and they look good. Please collect your copy from Eddie at the next meeting.

John: The Xmas Fair is 3 weeks away, volunteers are required on the day to man the BBQ, front and rear access, as well as general support and relief. Please set aside Sun Dec 3 to assist in running the event. Xmas Hamper Raffle is underway. Please take books of tickets and support Hazel in selling tickets at Coles. George has offered a small car battery charger to the member who sells the most tickets.

The BBQ's at Bunnings on Nov 5 and at the Farmers market on Nov 12 were very busy and netted the Club approx. \$2500. Thank you to all members for their efforts on the day.

Tony: Thank you to all who helped bring the Golf day together; and those who participated or sponsored. A great day was had, and \$9,000.00 was raised for our Cancer Wellness Centre. Please spread the word so that we can make this event bigger and better next year. Please pass on new email addresses so that they can be added to our data base.

G is for Golf

Damien: opened the meeting by welcoming members and guests and advised the combined Christmas Function will be run by Point Gellibrand and will be held on Tues night the 12th of December. It will include inner wheel, and will be held at the Royal Victorian Yacht Club. Members are required to advise of their attendance. Costs and further details will be provided shortly.

AUSTRALIAN NAVY CADETS

TRAINING SHIP VOYAGER
146 Nelson Place
Williamstown VIC 3016
Email: co.tsvoyager@cadetnet.gov.au

INVITATION TO TS VOYAGER NATIONAL ASSESSMENT

It is my absolute pleasure to advise you that this year, TS Voyager was selected as the Most Efficient Unit in the Lonsdale Flotilla. This means, that after our efforts in July, we were announced as the Best Cadet Unit in Victoria for 2017.

TS Voyager will now go on to compete for the 'Navy League Efficiency Trophy' as the Best Cadet Unit in Australia, which TS Voyager won in 2007 and was runner-up in 2011.

On behalf of TS Voyager, I would like to invite you and/or a representative from your organisation to our Ceremonial Divisions Parade, where you will have a chance to see the Cadets and Staff putting their skills into action. The day will include a Ceremonial March Past, a Review by the National Commander of Australian Navy Cadets, as well as specialised instructional classes for cadets.

WHEN: Saturday 25th November 2017
WHERE: TS Voyager, 146 Nelson Place, Williamstown
DRESS: S2's – Winter Ceremonial Uniform, with medals, no swords
TIME: 0840 (8.40am) arrival for a 0900 start. Please arrive on time, as we will be commencing at 9am sharp.
Inspection to be completed by 1300 hours
RSVP: co.tsvoyager@navycadets.gov.au by 24th November 2017.

I would like to take this opportunity to thank you for your ongoing support of TS Voyager and the Australian Navy Cadets. Community support is vital for the success of our unit and the ANC as an organisation; we look forward to seeing you at our Ceremonial Divisions Parade.

Yours sincerely,

Loretta Coste
Lieutenant ANC
Commanding Officer
TS Voyager

3 NOVEMBER 2017

ABN 65 680 323 211

Murray: The ARH collection cans at the last Sausage Sizzle raised \$50. Early bird registration for District 9800 Conference in Warrnambool (16-18 March 2018) closed on November 30. The conference theatre only takes 540 people and it is likely that this will sell out and late registrants will have to be housed in a room with television monitors.

Membership discussion was chaired by Murray. Murray opened the discussion by presenting members with a list of twenty reasons to join Rotary written by Rotary International President 2001-2002, Richard D. King. He then asked members to discuss what they actually knew about Rotary prior to joining. The common answer from most members was very little knowledge.

3 members – Brad Saunders, Eddie Knight, and Tony Boyd were then asked to do a short presentation on: why they joined Rotary, why they have stayed as a long term member and what has been a highlight of their Rotary experience. Key themes coming from their presentations were friendships and being able to serve the community.

ROTARY PRESENTATION FOR NEW MEMBERS

My name is Brad Saunders and I joined the Williamstown Rotary Club in 2003.

1. Why I joined Rotary –

Like most people I like to give back to the community and to improve the lives of those less fortunate than myself.

I have always been involved in service clubs of one description or another. When I started work I lived in the country. I joined an Apex Club and had several fulfilling years there servicing a country town.

When I moved to the city I wanted to join Apex again but I could not find a club nearby so I joined Rotary instead. I must admit when I joined Rotary I did not know a lot about it but soon learned about impact Rotary International, the Rotary Foundation and all the local Rotary Clubs had in the world.

2. Why I stayed as a long term member –

Whilst my ability to commit time to Rotary has ebbed and flowed over the years, my passions to provide some assistance has never wavered.

Being married with 2 children and running a full time legal practice means that there are times when I cannot attend functions or lend assistance on projects. The good thing is that I don't have to be present at every meeting or attend every function. The Club accept we live in the 21st century where people seem to have, for whatever reason, additional commitments competing for their time.

Despite being a relatively small club our list of achievements is long. I have heard other Rotarians describe our club as "punching above it's weight division" which is testament to our club's ability to get the job done.

3. Highlights of Rotary –

There have been many highlights of Rotary for me.

From an international perspective I enjoy telling people about the End Polio campaign and our joint venture with the Bill Gates Foundation to finish this major world wide project. As the advertising goes, we are "this close".

From a local point perspective, I have enjoyed being part of the Xmas Fair (and various other charitable events we run) and I enjoy being part of the RO-CAN Trust which is about to create an accommodation and wellness centre for cancer sufferers in Werribee.

From a personal development point of view, I really enjoyed being President for the 2014/2015 year (the year our very own Murray Verso was District Governor). The way our small club banded together to assist organise and run a district conference in Hobart was simply inspirational.

Neona, in the past our Club has supported Youth Exchange. The European students will begin to arrive in July '18. Is this something we would be interested in participating in again? Perhaps 4 members could offer a homestay for each quarter. My family and I would be happy to participate in this.

Recent correspondence with Sokea, our foster child in Cambodia. Date: October 27, 2017

Dear Aunty Neona, Uncle David, and Grandma,

I am always happy to see your letter to me! Thank you for your photos for me, too! I love your dress, Aunty and I am looking forward to watching Mary Poppins.

We don't play cricket here and we do not have horse racing either. The children here like to play soccer and sometimes volleyball. We also have basketball here. They enjoy playing them after dinner.

My public school has started again and I am now in 2nd grade. I am very happy. But we will have Water Festival celebration here on 2nd, 3rd, and 4th and our school will have three days break for this festival.

Take care, Aunty!

Kea

Dearest Kea,

It is always lovely to hear from you, and I am so pleased that you are happy! How fantastic you are in grade 2, what a wonderful achievement.

How was water festival? Did you have fun? it sounds very refreshing, do you play games and tricks on one another with the water?

It has been a very busy time for me here. 19 of my students sat piano exams, and we are now 4 weeks out from our end of year recitals. So lots of practising and refining of repertoire.

David, his brother Steven and nephews Jesse and Steven junior played in a recent golf competition, raising money for a cancer wellness centre we are striving to build near where we all live here in Melbourne. They said they played a mixture of good and bad golf, but had a fabulous day! I have attached a picture for you.

Sadly, 12 months ago in October one of David's brothers past away. We had a family bbq get together to remember him on his first anniversary, and I have attached a picture for you. There are too many of us for me to name for you, but we had a lovely evening talking about Terry and a few tears and laughs, as we all remembered him fondly. Can you pick David and I out in the picture?

I have also attached a picture of our nephew Jesse with his wife Emma and daughters Maddison and Ella, and their new baby son Archie. Emma's sister was recently married and the girls were

flower girls at her wedding. Maddison will be going into grade 1 at school next year, and Ella will begin school in preparatory. The girls look very much the same, Maddison is to the left and Ella the right in the picture.

David's hockey season has finished for the year, and we recently attended his hockey club presentation night where he won runner up best and fairest for his category. He was pretty happy with himself and this achievement, and attached is a picture of him with his trophy.

So glad that you have the opportunity at FLO to play ball games. I loved volley ball when I was at junior school, and Kengo the Japanese student we had staying with us earlier in the year was a good basketball player. Quite a few of my piano students play soccer, both girls and boys and they really enjoy it - it looks like it takes quite a lot of skill, not being able to touch the ball with your hands.

Have to go now Kea, as a student has arrived for a class.

Look forward to hearing from you again.

Sending all our love, Auntie Neona, Uncle David & Grandma xo xo xo

About Future Light Orphanage

The first seeds of the partnership between eGlobal Family and Future Light Orphanage (FLO) were planted in the year 2000 when Rob Hail first visited FLO and met founder and director Phaly Nuon and the children of the orphanage. At that time there were fewer than one hundred children living there, in an environment that was safe and loving yet which could provide only the bare minimum of resources. All of the children slept side by side on the floor in two rooms; two meager meals were provided per day along with very basic education.

This all began to change as the children were matched over the years with eFoster Parents who, along with other generous donors, furnished these children with emotional and financial support. Today there are over 200 children living at FLO, and another 150 children from the nearby village who come to FLO each day to receive supplemental education. The orphanage "campus" now includes a four-room schoolhouse, a library, and separate boys' and girls' dorms. The children receive three meals per day and have access to adequate medical and dental care. There are now over 40 FLO children attending university or other post-secondary institutions.

Over the years, eFoster Parents and their Foster Children have developed extremely close bonds. Many Foster Parents have visited and volunteered at the orphanage, a life-changing experience for both the children and their sponsors. Nearly all of the FLO children have been matched with loving eFoster Parents and exchange emails and photos with them regularly. The relationships that have blossomed between the kids and their foster families have been transformative for all involved.

Polio Eradication – so, so close

Nearly a year ago Dr Bruce Anderson addressed the Paul Harris Dinner in Bendigo and on World Polio Day (October 24) this year he updated his presentation on Polio to a combined meeting of the Chirnside and Hobsons Bay clusters.

Bruce is a world renowned virologist with a science degree from the University of Melbourne and a PhD from the University of Miami, USA. In his early years Bruce worked in the Tumour Virus section at the prestigious Cold Spring Harbor Laboratory in New York, and then in the Virology Department of the then Fairfield Infectious Diseases Hospital in Melbourne. Bruce's main focus at Fairfield was research towards the development of vaccines towards the Hepatitis A Virus which is in the same family as the Polioviruses.

Bruce is also a Rotarian, a Past President of The Rotary Club of Strathmore in District 9790, a multiple Paul Harris Fellow, a member of the Paul Harris Society, past Chair of International Services, a current Assistant Governor, and the National Scientific Committee Coordinator for Rotarians Against Malaria (RAM).

In 2007, the Bill & Melinda Gates Foundation joined Rotary in its commitment to ending polio. Since 2013, the Gates Foundation has matched every \$1 Rotary commits to polio eradication 2-to-1, up to \$35 million per year. Rotary, with matching funds from the Gates Foundation, has contributed more than \$1.6 billion to end polio.

Bruce's address provided a compelling and illuminating story about polio and its endgame.

He explained the differences between the Salk vaccine (requires injection) and the Sabin vaccine (oral). The oral vaccine is the only real solution for countries where polio is still endemic because of the difficulty to get access to children. It also has the advantage that it protects against the polio virus in both the intestinal system and in the blood stream, whereas the Salk vaccine only protects in the blood stream. The objective if both is to protect the virus from attacking the central nervous system.

There is however a downside and that is that some of the weakened live virus in the Sabin vaccine can be passed from the body and mutate back to something like the wild virus. In some cases these leads to cases. With the almost total destruction of infrastructure in Syria there has been a huge spike in circulating vaccine

derived poliovirus cases. Once polio has been eradicated, use of all OPV will need to be stopped to prevent re-establishment of transmission due to vaccine-derived poliovirus. On a positive note the number of cases from the wild polio virus have declined significantly this year.

There were originally 3 types of Polio virus (P1, P2 and P3). P2 and P3 have not been detected for many years and as first step, P2 was removed from the vaccine in 2016.

Bruce made the cogent observation that every one of The Foundations Six Areas of Focus, make a contribution to the elimination of Polio. In spite of the dreadful conditions in some countries, we really are "that close". Let's make sure we finish the job!

Wild poliovirus type 1 and Circulating vaccine-derived poliovirus cases (as at 25 October 2017)

	Year-to-date 2017		Year-to-date 2016		Total in 2016	
	WPV	cVDPV	WPV	cVDPV	WPV	cVDPV
Total cases						
Globally	12	61	27	3	37	5
—in endemic countries	12	0	27	0	37	2
—in non-endemic countries	0	61	0	0	0	3

World Polio Day was established by Rotary International over a decade ago to commemorate the birthday of Jonas Salk, who led the first team to develop a vaccine against poliomyelitis in 1955.

2017 Rotary Youth Leadership Award (RYLA) Camp

It is under two months to the 2017 Rotary Youth Leadership Award (RYLA) Camp which will be held Sunday, 3 December to Saturday, 9 December, a week later than usual, at The Oasis Centre in Mt Evelyn and nominations will be required by early-mid November. Thank you to the clubs who have already nominated applicants to attend but we still have many available places. Could you please get back to me as soon as possible to indicate if you are still considering nominating a participant. We also have a number of pool candidates if you would consider sponsoring one or more please let me know any criteria you have and I will send you the requested number of applications for your approval.

Anne Brown

District 9800 RYLA Committee Chair

Opportunity for Club to run an RDU Supplies booth at District Conference

An opportunity exists for a Club to nominate to run an RDU supplies booth at the District Conference in Warrnambool for which they will receive 10 per cent commission on the sales.

RDU send a variety of stock including clothing in a variety of sizes. Customers can also place an order and pay for this at the booth. The order will then be sent out from the RDU office and the club will still receive commission for the sale.

RDU ask the club to pay for the postage to send back any unsold goods and to send them the receipt and bank account details and this is reimbursed to them straight away. This way the club is not out of pocket at all.

Once all stock and money is received back in the RDU office and checked off, the commission is deposited into the club's nominated account.

The commission will of course depend on the sales; RDU Supplies advises it can be between \$110 to \$330 or more depending on the number of attendees at the conference.

If you are interested in taking up this opportunity please email Marjorie - marbern@bigpond.net.au

a fun night was had by all who attended the 70's night.....

GUEST SPEAKER

Daniel Flynn

The Thankyou journey - a blueprint for turning ideas into reality

Driven, resourceful and determined, Daniel Flynn is one of Australia's most successful entrepreneurs under the age of 30.

He is the founder and managing director of the social enterprise Thankyou, which has given more than \$5.5 million to help end global poverty.

Thankyou's 50 products are stocked by major retailers in Australia and 100 per cent of profits go to funding water, sanitation, child and maternal health and food projects around the world. In nine short years, Thankyou has directly impacted the lives of 755,538 people in 20 countries, including Australia.

Daniel is also the author of best-selling book Chapter One, a story that generated \$1.4 million in sales in its first month using an unorthodox 'pay-what-you-want' model.

He is a genius at disruptive marketing and has received widespread media coverage for some truly unconventional and highly successful campaigns that led to Thankyou products being stocked by some of Australia's biggest retailers. He is an engaging and thoughtful speaker and his talks offer a blueprint for turning ideas into reality.

BOOKINGS: www.trybooking.com/309283

- Charity Navigator has voted The Rotary Foundation in the Top Ten Charities around the world.
- CNBC also named The Rotary Foundation as one of the Top Ten Charities around the world.

World of Difference Tours 2017-2018

World of Difference is pleased to confirm three exciting tours to Cambodia and Laos. If you or anyone you know is looking to get involved at an International level in something exciting and different then one of World of Difference's humanitarian adventure tours to Asia could be the perfect offering.

Over the next 9 months you have three exciting tours to choose from. Please take a moment to have a look and please pass this email onto any of your friends who you think may be interested:

-

Cambodian Humanitarian Adventure Tour

13 Days from 5th of November 2017

This tour is perfect for those who would like to roll up their sleeves and get involved in some humanitarian work. During this 13 day tour, you will visit Cambodia's spectacular tourist attractions including Angkor Wat and it's many temples, museums that capture the dark past of Cambodia during the cold war and get involved in humanitarian activities such as teaching at a school, building water filters or helping out at one of the legitimate orphanages.

Cambodian Humanitarian Family Adventure Tour

16 Days from 5th of January 2018

This Humanitarian Tour is the perfect educational life experience for families to share whether it be parents and their children or grandparents and their grandchildren. Following a similar format to our November tour, this tour will provide families with an opportunity to experience Asian culture at the grass roots, as well as enable you to change the way our children think about the world, while making a World of Difference in the lives of those less fortunate.

Laos & Cambodia

16 Days from 20th of March 2018

A unique opportunity to join our first WOD tour to Laos. We will be based at the world heritage Luang Prabang and attend the opening ceremony for the latest Rotary primary school project in the remote village of Ban Heuthan. This tour will not include the usual WOD hands on volunteering but rather will be an opportunity to experience the real Laos that is not often seen by tourists.

Please click on the following links to view the tour brochure or booking form for more information and prices.

If you have any questions, please do not hesitate to contact Rob or Barry. rob.hines@live.com.au 0407877550, barry.hickman@gmail.com

Engage in the Challenge

PLANT A TREE BY APRIL 22, 2018!

Here's how you can get involved

Develop projects with Rotaract and Interact Clubs

Collaborate with community partners and local experts

Create international partnerships where tree planting can lift up entire communities

WHY PLANT

Trees are engines of economic development

High nutrition foods for humans, animals, wildlife and insects

Sustainable building materials and fuel

Canopies in urban areas to cool, reduce energy use, absorb pollution and increase property values

Trees protect our environment

Increase ground water recharge; prevent runoff and loss of soil

Create habitat for wildlife

Produce oxygen, use carbon dioxide, improve public health

Slow global warming by storing carbon

Trees and woodlands provide spiritual renewal and life

walking in the woods stimulates the mind and soothes the soul

Trees and woodlands provide homes for birds, and many other species Send your reasons for planting trees to trees@esrag.org

TREE PLANTING PRACTICES & PRINCIPLES

Consult local professionals

Carefully plan the project

Evaluate the site: sunlight, water, wind, temperature, soil, fertility and security

Select trees adapted to the site and pest and disease resistant

Plant at the right time using proper planting techniques

Establish a maintenance schedule

Care for the trees until they are established and flourishing

TREES BRING PEOPLE TOGETHER

What are other Rotary Club and Districts doing?

What global and local resources are available?

How can we get started? Do you need ideas?

Do you want to read success stories?

Do you have a question? Write to trees@esrag.org

Are you ready to report trees planted?

Our [Tree Planting Recorder](#) is coming soon! Visit our [Tree FAQ Here](#)
